

SPEER PARK

Park Amenity
Public Input Meeting

Welcome

cpwg
AT THE READY.

PURPOSE:

To develop a design program and vision for Speer Park with input from the community.

What do you want to see in your park?

- Existing park elements include:
 - Gazebo
 - Picnic Areas
 - Grill
 - Playground
 - Tennis Court
 - Skate Track
 - Shuffleboard
- Potential new park elements could include:
 - Pavilion
 - Restrooms
 - Sidewalks & Walking Paths
 - New Playground
 - Fitness Equipment
 - Pickleball

PARK ELEMENTS

Prefabricated
Restroom Building

An aerial photograph of a residential neighborhood. The central focus is a large, dense canopy of green trees. Surrounding this central area are several houses with various roof colors (grey, brown, blue) and some lawns. A road is visible on the left side, and another road or driveway is on the right. The overall scene is a typical suburban residential area.

What are Your Ideas?

Brainstorm ideas for park elements as a group.

Vote for your favorites.

Thank You
